70 KING STREET EAST, OSHAWA, ONTARIO

November 27th, 1946

Mr. S. R. Morss,
R. #3,
Bradford, Mass.

Dear Mr. Morss:

This letter is to verify your report of our signal in Bradford

The two voices you heard were those of George Elliott, Station Manager, and Syd. Townsend, Studio Engineer. The program consisted of a selection of popular and band recordings and also a brief description of our City and its history, industries, etc.

We went on the air at approximately 4.12 a.m. est. and signed off about 5.30 a.m. est.

Thank you for the interest shown in our early morning broadcast and hoping you will contact us again at some time in the future. We welcome your comments about our reception at any time.

Yours very truly

Syd Townsend.

Syd. Townsend,
Studio Engineer.
